INTERNET SALES APPLICATION (ISA):

ARE YOU READY FOR THE DIGITAL WORLD?

Quick and flexible online ordering for business partners!

We are entering the digital world together with our B2B customers. Based on the feedbacks we noted the high demand to expand our online and digital services. Therefore ISA is now available for our partners, which provides a quick and smooth business information flow between MOL Group and its customers.

Benefits for you

be quick
quick & easy ordering process

be flexible
ordering whenever & wherever

be up-to-date
access to reliable & relevant business information

What is ISA?

Internet Sales Application

ISA is a MOL internally developed online ordering system for our B2B customers to record orders and follow-up price, credit limit, order & delivery, and invoice related data real-time (24/7).

It enables customers anytime, anywhere to order and monitor information (such as credit limit, price, order, delivery, and invoice statuses).

ISA features:

ORDERING
▶ Order online 24/7
▶ Manage multiple accounts

INVOICING
▶ Download & track invoices and downpayment requests

CONTRACTING
▶ Contract fulfillment information

CREDIT USAGE
▶ Monitor credit usage

MONITORING
▶ Ordering & delivery information

NEWS
▶ Follow company & product relevant news
